Jogar poker na internet pode ser uma forma divertida de passar o tempo e, para alguns, uma fonte de renda. No entanto, é importante lembrar que o poker é um jogo de habilidade e sorte, e não há garantia de ganhar dinheiro.

1. Aperfeiçoar suas habilidades

Antes de começar a jogar poker na internet, é essencial que você conheça as regras básicas do jogo e tenha uma noção sólida de estratégias de poker. Existem muitos recursos disponíveis online, como tutoriais, artigos e vídeos, que podem ajudá-lo a aprimorar suas habilidades e aumentar suas chances de ganhar dinheiro.

2. Escolher o site certo

A escolha do site de poker é tão importante quanto a habilidade em jogar. É recomendável escolher um site confiável e de boa reputação, que tenha uma grande base de jogadores e ofereça boas promoções e bônus. Leia as revisões e verifique as classificações antes de se inscrever em um site.

All-Time Poker Money Leader Bryn Kenney Accused of Running Cult-Like Cheating Operation

April 21, 2024 Jon Sofen Senior Editor U.S.

Poker's recent slate of cheating

scandals has evolved from utter insanity into pure outrageousness following Martin Zamani's interview on the Doug Polk Podcast Thursday afternoon, which you can view in full at the bottom of this article.

Bryn Kenney, poker's all-time money list leader

at \$57.2 million according to The Hendon Mob, was the focal point of the 80-minute conversation. In that chat, Zamani accused the high roller legend of, more or less, running a cult-like online poker cheating operation on GG Poker.

Real-Time Assistance (RTA)? Is it Legal?

According to Polk, he was threatened with

legal action via Kenney's attorneys "if misinformation is spread and negatively affects him." Polk commenced the interview 10 minutes later, much to the enthrallment of the poker world.

Zamani's appearance came on the heels of a tweet thread he shared earlier in the day.

Since we are in the midst of calling out cheaters @BrynKenney and all his

horses are basically forced to collude o... //t.co/9i7PRGEYTF — Martin Zamani

(@martin_zamani)

Earlier this week, Alex Foxen, Justin Bonomo, and Chance Kornuth

brought forth cheating allegations against Ali Imsirovic, accusing the 2024 GPI Player

of the Year of colluding in live poker tournaments and using real-time assistance (RTA) tools to assist his play online.

Frog Poison and Poker Cults

Bryn Kenney

On Thursday,

Zamani accused Kenney of hiring "horses" to work together as a group to collude in online poker games. In doing so, Zamani, who met Kenney via WPT champ Dennis Bliden, who is now serving 6.5 years in prison for perpetrating a \$2.7 million embezzlement scheme, admitted he was part of a group of players that allegedly cheated others out of potentially millions of dollars, but he wants to make it right.

Among the cheating

tactics cited by Zamani were forced collusion in satellites, ghosting, and real-time assistance (RTA), just to name a few. Arguably more engrossing were the conditions in which the cheating allegedly occurred.

Zamani, who was admittedly high during the

podcast, gave viewers and Polk the impression that Kenney was, in a sense, leading a cult. Those who were part of allegedly cheating online at GGPoker and partypoker were, as Zamani claims, required to do as they were told or be dumped from the staking situation. That supposedly included leading the lifestyle Kenney wanted them to lead, including eating a Vegan diet and obeying Kenney's demands.

Kenney's horses (players

who were staked to enter tournaments), according to Zamani, would receive criticism for failing to adhere to the leader's standards. He used an example of one player sneaking out to eat Taco Bell and then being reprimanded for doing so.

Polk then

asked his guest to explain a comment made in a tweet about Kenney sending him to a shaman for a, let's just say painful ritual.

"She talks to me for a little, and she

goes, 'I was the warlords wife, I'm a killer, I'm a thief, I'm a liar, but I tell you these things straight to your face,'" Zamani said of his initial interaction with the shaman.

"We talk about stuff and she goes, 'I think you need to cleanse yourself. We're gonna do the Kambo, it's called Kambo, it cleanses you, it's good for you, it's a little violent. She takes incense to your skin and it blisters up. She then cuts off the blister with a knife so your pores are open and then she takes the poison from the frog and puts it on you.'"

"Into the cut?" Polk asked.

"Yes, into the cut, into your open wound."

No, Zamani didn't permit the shaman to go through with the ritual on his body.

Far More to the Story

The shaman frog poison ritual has

nothing to do with poker cheating. But the instance does paint a picture of a supposed cult-like environment surrounding those who allegedly played under Kenney.

Zamani

expanded further on what took place from a poker standpoint, although he didn't bring many receipts. Thus, we can only repeat what he claimed to be true and allow you, the reader, to determine for yourself if you believe the accusations against one of the winningest poker players of all-time.

One claim Zamani made that, if true, is

troublesome is that Kenney could see his computer screen when Zamani had the GGPoker client open.

Kenney's stable, which Zamani claimed included Sergi Reixach and David Miscikowski, allegedly used RTAs, which are banned on GGPoker, and apparently colluded during thousands of online tournaments.

Bryn Kenney and Sergi Reixach.

PokerNews

reached out to a player who had been staked by Kenney in the past and he confirmed, on the condition of anonymity, that Zamani's allegations are true. PokerNews also reached out to Kenney but received no response as of press time.

For Zamani, he appeared to

have no regrets after the interview:

First time I've ever been happy about something

I've done. Whatever the consequences for my parts played. — Martin Zamani

(@martin_zamani)

PokerNews will continue to monitor the situation and offer updates as developments happen.

There are two different scenarios where we will find ourselves playing heads up poker.

1. We are playing a heads up cash game. Either we are deliberately choosing to play 2-handed, or we are playing a ring-game where the other players have either left or haven't joined yet.
